

August 10, 2007

Mr. Andrew Getty  
Town of Webb Codes Enforcement Officer  
Park Street  
Old Forge, NY 13420

Dear Mr. Getty,

The Beaver River Property Owner's Association (BRPOA) inquiry made early this summer to coordinate with the Codes Enforcement Office, the Town Board and the Adirondack Railroad to collectively orchestrate a Beaver River town clean up was discussed at our July meeting. Although BRPOA was unanimous in identifying that a junk problem exists in Beaver River and that the junk needs to be removed, the Association desired your office address vacant property only. Some members felt a few property owners were responsible for the majority of junk concerns. Further discussion is scheduled for our Labor Day meeting.

Please do not act upon this matter within Beaver River until after BRPOA comes to consensus as to how they would like to proceed with your office.

Thank you for your interest regarding this matter.

Sincerely,

Carol Schoch, President  
Beaver River Property Owner's Association
